Audio Player

Built a HTML5 audio player using CSS and JavaScript.
Now used in a website.

Facebook Profile Picture Flaw

Discovered a way to view full private profile picture using just the thumbnail.
Not rewarded but fixed.

Two Factor Authentication Bypass

Found a flaw which allowed anyone to bypass second-factor authentication.
Acknowledged and fixed.

Front-end Development

- Optimization and restructuring of website files for speed
- User-friendly design and experience

Ran a blog using WordPress on a LAMP stack.
